

## CASTELLO SONNINO

Just **20 minutes from Florence**, Volterra and San Gimignano, on the road that link Pisa and Livorno, Sonnino Castle overlooks the Chianti Hills. It is composed by a **17<sup>th</sup> century mansion with a medioeval, fortified tower** from the 13<sup>th</sup> century. Over the time the entire property belonged to various powerful local dynasties, until the early 20th century, when it came into the hands of the Sidney Sonnino family. Today the Castle is the result of the commitment of Baron Alessandro and Baroness Caterina de Renzis Sonnino who have restored the property and have created an authentic **Sidney Sonnino Historic Archive** and a **Study Centre**. The Castle is officially recognized as an **Historic Dwelling (ADSI)** and **Memory House**, as well as being one of the leading local producers of **Chianti Montespertoli D.O.C.G.**

History, culture and a passion for wine animate the winery and the fascinating **Historical Cellars**. A tasteful and informal place where visitors can enjoy **guided visits of the estate, wine tours, brunch and snacks, lunches or dinners, cooking classes** or even take away a basket of flavoursome foods to enjoy a cool **pic-nic in the Castle gardens**.

The Castello Sonnino also offers the chance of an exclusive sojourn in the apartments of the **agritourism**, completely restored accordingly to the Tuscan tradition.

We also collaborate with some American and Canadian Universities, organizing **study abroad programmes** for foreign students.
